TRINIDAD AND TOBAGO DEFENCE FORCE (TTDF) DEPLOYS AIR AND MARINE SUPPORT TO GUYANA

The Trinidad and Tobago Defence Force (TTDF) continues to provide support to Guyana following a request for assistance received on Sunday evening, in response to the tragic maritime incident.

As part of the TTDF's rapid response efforts, an aircraft was deployed and has already completed three flights between Trinidad and Guyana from Monday to today, supporting search and rescue operations.

Additionally, a Trinidad and Tobago Coast Guard vessel was dispatched yesterday, embarked with a team of twenty (20) personnel, including seven (7) additional divers, to support search and recovery efforts.

Given the ongoing nature of the operation, further operational details, including specific personnel numbers and tactical arrangements, cannot be disclosed at this time due to operational security considerations.

The TTDF remains committed to working alongside regional partners in providing timely assistance and support during this difficult period.
